INTRODUCTION

The Winnipeg Core Area Initiative was a multi-million dollar, tri-government project designed to improve the economic, social and physical conditions in Winnipeg's core area.

The Initiative was originally created in 1981 for a five-year term by a unique agreement amongst Canada, Manitoba and Winnipeg, and comprised a $96 million package of thirteen diverse programs. In 1986, the Agreement was renewed for another five-year term with a further $100 million allocated to a very similar package of programs.

This status report is a documentation of activities undertaken under the second (1986-91) Agreement, from inception to December 31, 1991. It is the final status report produced for the second Agreement.

Information pertaining to the first (1981-86) Agreement is contained in a Final Status Report produced for that Agreement in 1987.

Investment

Investment data listed in each program's Status Summary section are based on projects that were recorded as contracted or completed as of the reporting date (December 31, 1991). These do not, therefore, represent projects still in the development stage.

For programs with an administration budget, the Core Area Initiative investment figures (in the Program Status Summary sections) include administration costs.

All figures (except for Core Area Initiative investment) represent information identified on, or extrapolated from, project application forms.

Complementary Funding

In addition to the programs and projects cost-shared by the three levels of government, the Core Area Agreement included additional programming developed by either Canada or Manitoba. These complementary initiatives were intended to further the objectives of the Tripartite Agreement and provide funding over and above the $100 million tri-government Core Area Initiative budget. Projects under these initiatives, however, are not reported in this Status Report. Only cost-shared Agreement projects are reflected.

AGREEMENT SUMMARY

A. BUDGET

	Program	Original	Revised (March 31, 1992)
1	Industrial and Entrepreneurial Support		
	1.1 Industrial Development	$ 2,000,000	$ 1,581,000
	1.2 Entrepreneurial Support	2,000,000	1,395,000
		4,000,000	2,976,000
2	The Exchange District Redevelopment	9,000,000	6,580,000
3	East Yards Redevelopment	20,000,000	20,931,000
4	Riverbank Enhancement	5,000,000	6,150,000
5	Strategic Capital	13,000,000	15,109,000
6	Neighbourhood and Community Development		
	6.1 Neighbourhood Facilities	5,000,000	5,360,000
	6.2 Neighbourhood Services	3,000,000	3,000,000
	6.3 Community Services and Facilities	6,000,000	5,850,000
	6.4 Education Support Services	2,000,000	2,000,000
		16,000,000	16,210,000
7	Inner City Foundation	1,000,000	--
8	Housing		
	8.1 Core Area Initiative Grant for Home Ownership	2,500,000	1,698,000
	8.2 Housing Development Stimulus	2,750,000	1,932,137
	8.3 Core Area Home Renovation Program (CAHRP)	1,750,000	2,209,382
	8.4 Core Area Rental Unit Repair/Forgiveness	1,250,000	2,261,831
	8.5 Home Renovation/Administration	750,000	850,000
	8.6 Core Area Residential Upgrading and Maintenance Program (CARUMP)	1,500,000	1,548,650
		10,500,000	10,500,000
9	Employment and Training	12,000,000	12,054,000
10	Neighbourhood Main Streets and Small Business Support Services	5,000,000	5,440,000
11	Central Administration	2,800,000	2,440,000
12	Public Information and Programming	1,300,000	1,300,000
13	Evaluation	400,000	310,000
	TOTAL	$100,000,000	$100,000,000

B. PROGRAMS (as of December 31, 1991)

INDUSTRIAL DEVELOPMENT AND ENTREPRENEURIAL SUPPORT
(Program 1)

Industrial Development

- 25 industrial projects assisted
- Total investment (contracted or completed) $12,091,191 - Includes Core Area Initiative $1,713,001 (current Agreement $1,653,001, first Agreement $60,000); other government grants $1,618,375; government loans $1,396,125, private $8,623,690
- 534 jobs expected as well as 78 person years of construction employment

Entrepreneurial Support

- 101 persons completed entrepreneurial training
- 24 businesses established with Core Area Initiative funding (repayable)
- 23 businesses established without Core Area Initiative funding
- Total investment (contracted or completed) $1,916,841 - includes Core Area Initiative $1,458,961 (Entrepreneurial Support $1,453,961, other CAI programs $5,000); other government grants $28,750; private $429,130
- 68 jobs expected to be created

THE EXCHANGE DISTRICT REDEVELOPMENT
(Program 2)

- 60 private sector projects (39 buildings) assisted
- 6 major capital projects assisted (including reserve)
- 43 area enhancement projects assisted
- 132 parking spaces created in the area
- Total investment (contracted or completed) $31,389,621 - Includes Core Area Initiative $7,828,876 (The Exchange District Redevelopment $6,580,000, other CAI programs $1,248,876); other government grants $4,156,496; government loans $2,713,700; private $16,690,549
- 84 jobs expected as well as 287 person years of construction employment

EAST YARD DEVELOPMENT (The Forks)
(Program 3)

- 7 capital projects assisted
- Numerous meetings held with developers, community organizations and the general public regarding development opportunities
- The Forks Market construction completed (a Strategic Capital project - see Program 5)
- Total investment (contracted or completed) $22,869,106 - Includes Core Area Initiative $20,687,425 (East Yard Redevelopment $20,000,000, first Agreement $687,425); private $2,181,681
- 17 jobs expected as well as 102 person years of construction employment

RIVERBANK ENHANCEMENT
(Program 4)

- 18 capital, planning or promotion projects undertaken
- Total investment (contracted or completed) $7,082,194 - Includes Core Area Initiative $6,971,451 (Riverbank Enhancement $5,950,001, other CAI programs $1,021,450); other government grants $110,743
- 55 person years of construction employment expected

STRATEGIC CAPITAL
(Program 5)

- 9 Major capital projects assisted or in development (includes Forks Market, German Canadian Cultural Centre, MTC Warehouse, Pantages, YM/YWCA, Prairie Theatre Exchange, St. Boniface land acquisition)
- Total investment (contracted or completed) $38,548,160 - Includes Core Area Initiative $18,009,509 (Strategic Capital $15,893,996, other CAI programs $2,115,513); other government grants $5,646,500; private $14,892,651
- 272 jobs expected as well as 338 person years of construction employment

NEIGHBOURHOOD AND COMMUNITY DEVELOPMENT
(Program 6)

Neighbourhood Facilities

- 48 neighbourhood facilities (e.g. parks, daycares, community centres) assisted
- Total investment (contracted or completed) $9,980,389 - Includes Core Area Initiative $4,481,305 (Neighbourhood Facilities $4,225,000, other CAI programs $256,305); other government grants $2,330,421; repayable government loans $2,240,280; private $928,383
- 14 jobs expected as well as 119 person years of construction employment

Neighbourhood Services

- 63 neighbourhood services (e.g. community development, health, recreation, social services) assisted
- Total investment (contracted or completed) $5,971,616 - Includes Core Area Initiative $3,710,870 (Neighbourhood Services $2,986,667, other CAI programs $724,203); other government grants $1,180,822; private $1,079,924
- 36 training positions expected
- 118 jobs expected as well as 12 person years of construction employment

Community Services and Facilities

- 157 community services assisted
- 46 community facilities assisted
- Total investment (contracted or completed) $20,431,279 - Includes Core Area Initiative $6,436,908 (Community Services and Facilities $5,790,608, other CAI programs $646,300); other government grants $5,590,981; repayable government loans $4,859,982; private $3,543,408
- 9 training positions expected
- 114 jobs expected as well as 111 person years of construction employment

Education Support Services

- 42 education projects assisted
- Total investment (contracted or completed) $3,203,076 - Includes Core Area Initiative $2,456,041 (Education Support Services $2,064,734, other CAI programs $391,307; other government grants $625,559; private $121,476
- 42 jobs expected

HOUSING
(Program 8)

Core Area Initiative Grant for Home Ownership (CAIGHO)

- Grants provided for purchase of 198 (178 existing; 20 new) homes in the core area
- Total investment approximately $8,640,000 - includes Core Area Initiative $1,686,505

Housing Development Stimulus

- 1 private, 13 private non-profit and 5 co-operative housing development projects assisted or in development
- 410 new units created, less 103 lost through demolition, resulting in 307 additional units
- Total investment (contracted or completed) $27,006,838 - Includes Core Area Initiative $2,425,450 (Housing Development Stimulus $1,926,138, other CAI programs $330,312, first Agreement $169,000); other government grants $400,292; government repayable loans $23,067,603; private $1,113,493
- 25 jobs expected as well as 251 person years of construction employment

Core Area Home Renovation Program (C A H R P)

- 535 homeowner units repaired
- Total investment $4,623,953 - Includes Core Area Initiative $2,115,715; other government grants $1,238,688; government repayable loans $902,538; private $367,012

Core Area Rental Unit Repair/Forgiveness

- 488 rental units repaired
- Total investment $8,161,545 - Includes Core Area Initiative $2,036,326; other government grants $3,467,605; government repayable loans $6,325; private $2,651,289

Core Area Residential Upgrading and Maintenance Program (C A R U M P)

- 5,430 dwelling units in 1,003 buildings were inspected, with 828 Maintenance and Occupancy By-law Orders to Repair issued
- 856 tenants received intensive services from a social worker and/or home support teacher
- Tenant relocations and referrals to social housing agencies, Landlord & Tenant Affairs and other social service agencies were undertaken
- Total investment $1,548,649

EMPLOYMENT AND TRAINING
(Program 9)

- 85 occupational projects undertaken
- 54 community-based projects undertaken
- Total investment (contracted or completed) $15,903,007 - Includes Core Area Initiative $12,340,191 (Employment and Training $11,897,603, other CAI programs $147,733, first Agreement $294,885); other government grants $2,997,212; private $565,604
- 1,064 training positions created in occupational projects
- 610 persons placed in employment; an additional 67 persons still in training
- 2,198 persons participated in community-based, pre-employment training

NEIGHBOURHOOD MAIN STREETS AND SMALL BUSINESS SUPPORT SERVICES
(Program 10)

- 165 neighbourhood main street or small business projects assisted (includes 17 business creations, 33 business expansions/improvements, 84 storefront improvements)
- Marketing strategies or master plans developed for Chinatown, Ellice Avenue, Main Street, Norwood (Marion Street), Provencher Boulevard, Osborne Street, Sargent Avenue, Selkirk Avenue, West Broadway
- Streetscaping done on Selkirk Avenue, Sargent Avenue, Ellice Avenue, Broadway, Marion Street and Corydon Avenue
- Total investment (contracted or completed) $9,684,156 - Includes Core Area Initiative $4,485,432; other government grants $1,820,953; private $3,377,771
- 35 jobs expected as well as 133 person years of construction employment

PUBLIC INFORMATION AND PROGRAMMING
(Program 12)

- Informational and promotional materials developed for the Agreement and its programs
- Information Centre established in the Core Area Office
- Programming assistance provided to major events such as Christmas in the Exchange/The Forks, River Trail, Takin' it to the Streets, First Night Festival
- More than 100 core area groups and projects assisted with promotional or programming activities or consultation
- Approximately 200 slide shows, bus tours, or display presentations were conducted

EVALUATION
(Program 13)

- Management Information System developed
- Evaluations undertaken on the Tripartite Model, Employment and Affirmative Action, and Final Report on Achievement of Objectives

C. INVESTMENT IN CORE AREA PROJECTS (as of December 31, 1991)

Other federal funds *	$ 17,136,320
Other provincial funds *	10,040,909
Other municipal funds *	9,654,576
Total other government funds	36,831,807
Repayable government loans	36,207,430
Private	57,351,286
Total	$130,390,523

* In addition to Core Area Initiative cost-shared funds

D. TRAINING AND JOBS CREATED (as of December 31, 1991)

Training: 2,244 positions

Jobs: 1,960 jobs expected
1,501 person years of construction employment expected

INDUSTRIAL AND ENTREPRENEURIAL SUPPORT
(Program 1)

Description:	The program aimed to increase employment opportunities through support to industrial and new entrepreneurial enterprises in areas targetted for revitalization. The Entrepreneurial Support component was targeted specifically to inner-city residents currently experiencing barriers to full participation in economic opportunities.
Implementing Jurisdiction:	Canada
Committee Structure:	**Industrial Development** - Two representatives from each level of government were appointed by Management Board and Policy Committee. **Entrepreneurial Support** - Two representatives from each level of government were appointed by Management Board and Policy Committee. An Investment Review Committee, comprised of seven persons from the private business/financial sector, recommended projects for approval.
Implementing Body:	Core Area Initiative Office
Budget:	Industrial Development - $1,581,000 Entrepreneurial Support - $1,395,000

INDUSTRIAL DEVELOPMENT

PROGRAM STATUS SUMMARY:

- 25 industrial projects assisted
- Total investment (contracted or completed) $12,091,191 - Includes Core Area Initiative $1,713,001 (current Agreement $1,653,001, first Agreement $60,000); other government grants $1,618,375; government loans $1,396,125, private $8,623,690
- 534 jobs expected as well as 78 person years of construction employment

PROJECTS:

Brown and Rutherford Company Ltd.

A project to assist an existing business with the purchase of equipment needed to expand production capacity. The $249,032 project was supported by a Core Area Initiative commitment of $49,448 and expected to create eight jobs.

Challenger Sportswear Inc.

A project to assist an existing sportswear manufacturing/distributor to modernize equipment and increase production capacity. The $136,480 project was supported by a Core Area Initiative commitment of $20,472 and expected to create 20 jobs.

Enconaire (1984) Inc.

A project to assist a manufacturer of controlled environmental chambers in the relocation and expansion of its plant. The $252,774 project was supported by a Core Area Initiative commitment of $37,916.

Esdale Printing and Stationery Company

A project to assist an existing printing business to relocate into expanded premises at 232 Jarvis Avenue. The $54,941 project was supported by a Core Area Initiative commitment of $8,241 and expected to create two jobs.

Gemini Fashions of Canada Ltd.

A project to assist an existing clothing manufacturer with building renovations and equipment acquisition. The $990,227 project was supported by a Core Area Initiative commitment of $147,584 and expected to create 42 jobs.

GIII Ltd.

A project to assist an existing manufacturer with the purchase of computer-based manufacturing equipment required to improve the company's production capability. The $156,026 project was supported by a Core Area Initiative commitment of $23,404 and expected to create three jobs.

Higgins Avenue Site Development Costs

A project sponsored by the Core Area Initiative to redevelop three vacant lots on Higgins Avenue. Winnipeg Pattern and Model Works Ltd., J. Peter Johnson Industrial Control Systems Inc. (Indus Automation) and a non-supported company have constructed new facilities on the lots. The project was supported by a Core Area Initiative commitment of $11,493 which represents the total cost.

I. D. Fashion Ltd.

A project to assist a women's sportswear manufacturing firm to renovate its building and upgrade and expand production facilities. The $88,831 project was supported by a Core Area Initiative commitment of $13,325 and expected to create 13 jobs.

J. Peter Johnson Industrial Control Systems Inc. (Indus Automation)

A project to assist an existing manufacturing business with relocation and expansion of production facilities. The $358,390 project was supported by a Core Area Initiative commitment of $64,330 and expected to create nine jobs.

Koch Stainless Products Ltd.

A project involving construction of a 6,000 square-foot addition to an inner-city manufacturing plant. The project included two affirmative action training placements and was supported by a Core Area Initiative commitment of $36,741. The total project cost was $183,707.

Labels Unlimited Inc.

A project involving the construction of a 3,200 square-foot addition and renovation to an existing core area plant. The $103,819 project was supported by a Core Area Initiative commitment of $15,573 and expected to create three new jobs.

Mikisiw-Asiniy Printers Ltd.

A project to assist an existing printing company with the purchase of additional printing equipment. The $39,300 project was supported by a Core Area Initiative commitment of $9,825 expected to create two jobs.

Furgale Industries Ltd.

A project to assist an existing brush and broom manufacturer with the purchase of new production equipment. The $336,300 project was supported by a Core Area Initiative commitment of $50,445 and expected to create three jobs.

Sound Concepts Canada Inc.

A project to assist an existing business to acquire new production equipment for purposes of expanding its product line. The $161,193 project was supported by a Core Area Initiative commitment of $24,179 and expected to create 21 jobs.

Standard Manufacturers Services Ltd.

A project to assist an existing manufacturer with the purchase of new equipment required to increase production capabilities. The $300,364 project was supported by a Core Area Initiative commitment of $30,036 and expected to create three jobs.

Tarik Woodworking Ltd.

A project to assist with the relocation and expansion of an existing woodworking business. The $135,178 project was supported by a Core Area Initiative commitment of $17,690 and expected to create two jobs.

The Tops Manufacturers Ltd.

A project to assist an existing manufacturer with the purchase of equipment and leasehold improvements. The $79,144 project was supported by a Core area Initiative commitment of $11,872 and expected to create three jobs.

To-Le-Do Foodservice Ltd.

A project to assist an existing food processing business with building and equipment improvements. The $110,462 project was supported by a Core Area Initiative commitment of $21,000 and expected to create two jobs.

Twin Industry Sales and Service Ltd.

A project involving relocation of an expropriated industrial laundry and dry cleaning equipment and supplies business to a new location within the core area. The $215,538 project was supported by a Core Area Initiative commitment of $36,000.

Vent Air Industries Co-op Ltd.

A project to assist with the relocation and expansion of a heating duct and pipe manufacturing business. The $281,881 project was supported by a Core Area Initiative commitment of $41,250.

Westeel, Division of Jannock Steel Fabricating Company

A project to assist an existing business with building improvements and the acquisition of machinery and equipment. The $2,260,000 project was supported by a Core Area Initiative commitment of $226,000. A total of 66 jobs expected to be created by the project. Additional project support was provided by the Western Economic Diversification Program.

Western Glove Works Ltd.

A project to assist an existing garment manufacturer with plant and equipment modernization required to expand its production capability. The $1,980,500 project was supported by a Core Area Initiative commitment of $198,050. Up to 167 new jobs expected to be created by the project.

Willmar Windows

A project involving the expansion of a window manufacturing company's facilities at 485 Watt Street and 11 Higgins Avenue. Sponsored by Bernhard Millwork Ltd. of the Willmar Group of Companies, the $4.2 million project was supported by a Core Area Initiative commitment of $175,000. Additional project support was provided by the Western Economic Diversification Program and Manitoba Industry Trade and Technology. Sixty new jobs expected to be created by the project.

Winnipeg Pattern and Model Works Ltd.

A project for the construction of a new building to accommodate the relocation and expansion of an expropriated business. The project was supported by a Core Area Initiative commitment of $39,906. The total project cost was $232,157.

Woody Sports Apparel Inc.

A project involving the renovation of approximately 3,000 square feet of space in a building located at 24 Derby Street to house an expanding sportswear company. The $80,608 project was supported by a Core Area Initiative commitment of $18,750 and expected to create 10 new jobs.

ENTREPRENEURIAL SUPPORT

PROGRAM STATUS SUMMARY:

- 101 persons completed entrepreneurial training
- 24 businesses established with Core Area Initiative funding (repayable)
- 23 businesses established without Core Area Initiative funding
- Total investment (contracted or completed) $1,916,841 - includes Core Area Initiative $1,458,961 (Entrepreneurial Support $1,453,961, other CAI programs $5,000); other government grants $28,750; private $429,130
- 68 jobs expected to be created

PROJECTS:

A. A. A. Foundations

A project for the establishment of a company which drills and installs piles and does basement repair work. The $500 project was supported by a Core Area Initiative repayable contribution of $500.

Ab-Original Wear

A project for the establishment of a company which reproduces silk-screened, original native art works on T-shirts and other clothing. The $40,000 project was supported by a Core Area Initiative repayable contribution of $17,850.

Aqua Crest Seafood International

A project for the establishment of a shrimp importing company. The $96,000 project was supported by a Core Area Initiative repayable contribution of $1,000.

Asmara Cafe

A project to assist a recent immigrant with the establishment of a specialty foods restaurant. The $20,500 project was supported by a Core Area Initiative repayable contribution of $16,500. Two jobs expected to be created by the project.

Bangkok Thai

A project to assist a recent immigrant with the establishment of a restaurant specializing in authentic Thai food. The $61,000 project was supported by a Core Area Initiative repayable contribution of $25,000. Seven full time jobs expected to be created during the project's initial year of operation.

Business Plan Training

A project to provide business planning, training and consulting assistance to inner city residents. A total of 67 persons were assisted. The project was sponsored by the Core Area Initiative for a total of $63,000.

Deeds Deli

A project for the establishment of a restaurant/deli operation specializing in middle eastern food items. The $52,000 project was supported by a Core Area Initiative repayable contribution of $33,750.

Fashion Access

A project to assist a recent immigrant with the establishment of a clothing design and manufacturing business catering to the elderly and disabled population. The $23,580 project was supported by a Core Area Initiative repayable contribution of $17,000 and was expected to create three full time jobs.

Gabriela's Cakes

A project for the establishment of a bakery featuring Central American products. The $3,000 project was supported by a Core Area Initiative repayable contribution of $2,000.

HETADI Residential Program

A project to provide business planning and development skills for inner city residents who wished to start a new business. The program was undertaken three times (1989, 1990, 1991), with a total of 58 persons graduating. The programs were sponsored by the Core Area Initiative at a total cost of $295,195.

High and Dry

A project for the establishment of a company which offers a nightclub/social/dance operation in a non-alcohol setting. The $11,000 project was supported by a Core Area Initiative repayable contribution of $9,500.

J & B Import/Export

A project for the establishment of a company which imports decorative drapery hardware. The $19,500 project was supported by a Core Area Initiative repayable contribution of $1,500.

Kim Baby Products

A project for the establishment of an alternative diapering system/baby products company. The $24,800 project was supported by a Core Area Initiative repayable contribution of $20,000.

Marketing Direct

A project to assist with the establishment of a direct marketing service business in the inner city. The project was supported by a Core Area Initiative repayable contribution of $7,000 and expected to create two jobs.

Naumko Productions

A project for the establishment of a company which offers rehearsal space for musical bands. The $40,000 project was supported by a Core Area Initiative repayable contribution of $25,000.

90 Degrees Woods

A project for the establishment of a company which custom designs and crafts unique wooden doors and tables. The $23,000 project was supported by a Core Area Initiative repayable contribution of $18,000.

One of Barb's

A project to assist with market analysis in support of a retail and mail order clothing business. The $1,000 project was supported by a Core Area Initiative repayable contribution of $1,000.

Pag Asa Home
(formerly Roseberry Manor)

A project for the establishment of a 20-bed licensed residential care home. The $57,200 project was supported by a Core Area Initiative repayable contribution of $30,000.

Promethean Computer Products

A project for the establishment of a desk-top publishing firm employing disabled persons. The $25,100 project was supported by a Core Area Initiative repayable contribution of $20,000.

Sage Cross-Cultural Communication

A project to assist an aboriginal inner city resident with the establishment of consulting business offering cross-cultural awareness and employment equity services to employers. The project was supported by a Core Area Initiative repayable contribution of $2,000 which represents the total project cost. One job expected to be created by the project during its initial year of operation.

Sew What Costumes and Stuff

A project for the establishment of a company which designs and manufactures role-play clothing for children in day care settings. The $12,000 project was supported by a Core Area Initiative repayable contribution of $10,000.

Snow Valley Sportswear

A project for the establishment of a company which designs, manufactures and markets a line of ski wear. The $60,000 project was supported by a Core Area Initiative repayable contribution of $60,000.

Sport Video Services

A project to assist with the establishment of a video taping business serving amateur sport. The $7,400 project was supported by a Core Area Initiative repayable contribution of $3,000. Two jobs expected to be created by the project during its initial year of operation.

The Philosopher's Stone

A project for the establishment of a bookstore/curio shop specializing in metaphysical/religious items. The $49,700 project was supported by a Core Area Initiative repayable contribution of $30,000.

Thomas Orr Products

A project for the establishment of a company which designs, manufactures and markets unique wood products. The $5,000 project was supported by a Core Area Initiative repayable contribution of $5,000.

Trung Viet Market

A project for the establishment of a grocery store specializing in the sale of Vietnamese food items. The $201,500 project was supported by a Core Area Initiative repayable contribution of $39,000. [See also Program 10 - Neighbourhood Main Streets (Sargent Key Site)].

THE EXCHANGE DISTRICT REDEVELOPMENT
(Program 2)

Description:	The program's objective was to increase the economic vitality of The Exchange District. Entrepreneurs and organizations were encouraged to invest in rehabilitation of heritage buildings for use in commercial, residential, cultural and other related activities.
Implementing Jurisdiction:	Winnipeg

Reserve

Historic Buildings Research

A project to prepare research reports on historic buildings. The project was supported by a Core Area Initiative commitment of $3,900. This represents the total project cost.

MTC Warehouse Theatre

A project to renovate the MTC Warehouse Theatre at 140 Rupert Avenue. Sponsored by Manitoba Theatre Centre, the $815,000 project was supported by a Core Area Initiative commitment of $230,000, including $160,000 from The Exchange District Redevelopment Program and $70,000 from the Strategic Capital Program. Other support to the project was provided by the Manitoba Arts Council, the Manitoba Community Places Program, the federal Department of Communications, the City of Winnipeg and the Winnipeg Foundation.

EAST YARD REDEVELOPMENT (THE FORKS)

(Program 3)

Description:	The program was established to provide for the redevelopment of the East Yard area via a tri-government development agency, The Forks Renewal Corporation (FRC). The FRC is responsible for the development of the 56-acre site in accordance with a Concept and Financial Plan approved by Canada, Manitoba and Winnipeg.
Implementing Jurisdiction:	Canada
Committee Structure:	The Forks Renewal Corporation is an independent non-profit development agency established with three representatives appointed by each level of government. The chairperson is unanimously appointed by the three levels of government.
Implementing Body:	All activities occur via the FRC. Through a unanimous shareholders agreement, the FRC Board is responsible for all decisions within its authorized mandate.
Budget:	$20,931,000

PROGRAM STATUS SUMMARY:

- 7 capital projects assisted
- Numerous meetings held with developers, community organizations and the general public regarding development opportunities
- The Forks Market construction completed (a Strategic Capital project - see Program 5)
- Total investment (contracted or completed) $22,869,106 - Includes Core Area Initiative $20,687,425 (East Yard Redevelopment $20,000,000, first Agreement $687,425); private $2,181,681
- 17 jobs expected as well as 102 person years of construction employment

ACTIVITIES:

FRC Management and Administration 1987-1991
($5,491,172)

<u>General and Administrative</u>
The Forks Renewal Corporation (FRC) created an office, recruited administrative staff, initiated development activities required to fulfill the Phase I Concept and Financial Plan and provided for ongoing financial administration, site operations, programs, maintenance and security.

<u>Financial Management</u>
As mandated in the Phase I Plan, FRC pursued avenues to achieve financial self-sufficiency of FRC within a reasonable time, such as negotiating Letters of Intent which contemplated land leases for projects, securing loans in relation to its borrowing authority and pursuing institutional and supportive commercial projects. Revenues are currently generated through The Forks Market and the parking lot.

<u>Public Amenities</u>
The Corporation has established and manages ongoing operations and maintenance programs for the developed areas of The Forks including The Market Plaza, pavilion/skating rink, Historic Walkway, rail cars, parking areas, etc.

Public Consultation and Communication

FRC implemented a public communications program consisting of communications support services for the Corporation and the three government funding partners. This included the arrangement of official ceremonies and/or official openings and announcements, preparation of news releases and speeches, organization of an annual FRC meeting open to the public, media relations, preparation and distribution of The Forks newsletter Currents, tourism brochures, annual reports, etc.

Development Program 1987-1990
($1,424,537)

CN and FRC Land Exchange Agreement (1987-1990)

FRC accepted ongoing responsibilities for the lands in accordance with the terms and the conditions of the Land Exchange Agreement between CN and FRC. During 1988 this involved securing the rights to clear the rails, relocate various railway facilities, provide an access road, landscaping of the berm and other approvals from CN.

Public Consultation (1987-1988)

FRC conducted extensive consultations with the public, community groups, developers and individual members of the public as part of the process to prepare the Phase I Concept and Financial Plan approved by the three governments in December 1987.

Public Programming (1987-1990)

FRC participated with community groups to offer community-based public programming such as the 1990 Western Canada Summer Games, Festival du Voyageur, the Children's Festival, Festa Italiana and several events sponsored by FRC such as Christmas at The Forks.

FRC Site Planning and Development Activities (1987-1990)

FRC established a site planning process capable of responding to site development issues. FRC issued a proposal call for redevelopment of the three buildings at The Forks: B & B Building, Johnston Terminal Building and the Steam Plant. FRC began negotiations with selected project proponents (respondents to the proposal call and others). Negotiations were undertaken for various Letters of Intent for the re-use of the three heritage buildings.

Public Information (1988-1990)

FRC continued regular consultations with the public through annual meetings. As well, FRC established various advisory committees to assist in the planning of components proposed for The Forks in the Concept Plan (i.e. Aboriginal Centre, Leisure Centre, Site Planning and Heritage).

Legislative Monitoring and Compliance (1988-1990)

FRC maintained dialogue with the City of Winnipeg, the Provincial Government and the Federal Government of Canada to assure compliance with all legislation governing redevelopment of the site.

Financial Management (1988-1990)

FRC maintained financial management systems for government funding approved for The Forks redevelopment project.

Heritage Issues (1989-1990)

The Corporation's mandate includes provision for heritage planning. In the first phase of development, the Corporation retained an archaeological advisor to develop a corporate Archaeological Plan. Extensive archaeological impact assessments have taken place, particularly in the North Assiniboine Node area in conjunction with the first phase development in this area. A number of archaeological activities and research projects have taken place including: stage one monitoring, university summer school programs, public archaeological programs, as well as many others. The community interest in public archaeology resulted in the establishment of a public archaeology association at The Forks and the establishment of a permanent archaeological preserve.

The Corporation established a Heritage Advisory Committee made of 11 people from the heritage community to advise the Board on all heritage-related matters.

The Corporation worked actively to develop a long-range heritage interpretation plan in co-operation with the Heritage Advisory Committee.

Under the Land Exchange Agreement the Corporation acquired several heritage structures which have been retained for future re-use. The stable buildings were the first structures to be redeveloped as The Forks Market, a year round permanent public market made up of unique specialty food merchants selling high quality, fresh products, imported or grown locally. The 43,000 square feet of retail and office space have been renovated to reflect and celebrate the historic character of the original buildings.

Public Archaeology (1989-1990)

The Forks Renewal Corporation initiated and co-ordinated a public archaeological program in the summers of 1989 and 1990 involving the Canadian Parks Service, the Manitoba Heritage Resources Branch and the Manitoba Archaeological Society.

This resulted in the involvement of around 800 community volunteers and hundreds of school children in hands-on archaeological discovery, cleaning and processing of artifacts in the search for Fort Gibraltar I at The Forks. Over 70,000 people visited the dig site, the archaeological laboratories and displays located in trailers adjacent to the site. In addition, The Forks Renewal Corporation initiated and successfully established a community-based Forks Public Archaeology Association, which will take responsibility for future public archaeological projects at The Forks.

As well, the Corporation permitted the Summer School of Archaeology, sponsored by the University of Manitoba and the University of Winnipeg, to investigate the location of Fort Gibraltar II in the summers of 1988 and 1990.

Commencing April 1, 1990 all costs relating to further development were classified as operating expenses and are reflected under the heading FRC Management and Administration.

Capital Costs 1987-1991
($12,466,500)

Site Clearing and Rail Relocation

As part of the Agreement with CN, FRC was responsible for the clearance and relocation of old sheds and rail lines on The Forks site. The project was undertaken by CN on behalf of The Forks Renewal Corporation and was completed in the fall of 1988. The Land Exchange Agreement provided for expenditures up to $5 million with 50% of actual costs to be returned to The Forks by CN in the future. At the conclusion of this activity, some $4.5 million was actually spent and $2.3 million was reimbursed to the Corporation which was utilized for the ongoing costs.

Roads, Access, Parking and Municipal Services

The Corporation undertook to provide access to the site and initial roads to accommodate traffic during the first phase of development. Pioneer Boulevard and Forks Market Road were constructed in 1989 as well as a new access off Main Street near the NorthWest Company Building.

The Forks site was also serviced to the extent required to support the level of development of the site proposed in Phase I.

In addition, parking areas were established as part of the infrastructure, providing parking to the public and visitors to the site as well as continued parking for CN and VIA employees.

Landscaping and Site Enhancement

Initial work to enhance the site included landscaping for the roads, parking and path areas as well as Market Plaza and other work including the railway berm and south main access.

The Market Plaza was created as an all-season gathering and recreational place incorporating an outdoor artificial ice rink in winter and shoulder seasons and a canopy covered performance area in summer. The Forks Pavilion situated in the Plaza was developed to house a skate changing, public amenity and rest area for visitors to the site.

Construction of The Forks Historic Walkway connecting The Forks to the public walkway along the Assiniboine River to the west and the Canadian Parks walkway to the east began in late 1989 and was completed in 1991.

The Historic Walkway includes "The Wall Through Time at The Forks", an 82.4 metre walkway from the Plaza area to the riverside. The wall will provide a graphic linear display of events over the centuries at The Forks based on archaeological discoveries. Stone, coloured tiles and plaques will highlight significant periods in time along the length of the wall. The Wall Through Time will also protect and retain the eastern periphery of the Archaeological Preserve area.

Major Function Assistance

Historical interpretation is an integral part of The Forks experience. In recognition of the rail era at The Forks, the Corporation refurbished four historic rail cars on some of the public space adjacent to the Market as part of the initial landscaping.

The Corporation provided financial assistance to the costs of The Forks Market of approximately $1.0 million in addition to the $5.0 million provided by The Core Area Initiative under the Strategic Capital Program.

The Corporation provided financial assistance for the cost of all heritage archaeological impact assessments in the first phase of development.

The Corporation provided planning support for proposed pre-feasibility assessment studies undertaken for the Leisure Centre and the Aboriginal Centre.

Land Carrying Costs 1987-1991
($1,274,791)

The Forks Renewal Corporation is responsible for the land carrying costs of the undeveloped lands which primarily consist of the City of Winnipeg property taxes.

RIVERBANK ENHANCEMENT
(Program 4)

Description: The program was established to encourage and support, through capital and programming expenditures, a variety of projects which will increase year-round use and public access to and along the rivers and riverbanks. The program was designed to enhance the natural attractiveness of Winnipeg's rivers, and to build upon initiatives of the three levels of government.

Implementing Jurisdictions: 1986-88 - Winnipeg/Manitoba; 1989-1992 - Winnipeg

Committee Structure: A tri-level Program Review Committee included two representatives from each of Canada, Manitoba and Winnipeg and one from the Core Area Initiative Office.

Implementing Body: The program was originally delivered through the Core Area Initiative Office by a program manager seconded on a part-time basis from Manitoba Urban Affairs. In 1989, responsibility for program implementation was assumed by the City of Winnipeg Planning Department.

Budget: $6,150,000

PROGRAM STATUS SUMMARY:

- 18 capital, planning or promotion projects undertaken
- Total investment (contracted or completed) $7,082,194 - Includes Core Area Initiative $6,971,451 (Riverbank Enhancement $5,950,001, other CAI programs $1,021,450); other government grants $110,743
- 55 person years of construction employment expected

PROJECTS:

Alexander Dock Stabilization

A project for the reconstruction and stabilization of the Alexander Dock. The $162,288 project was supported by a Core Area Initiative commitment of $87,288.

Alexander Dock: Geotechnical Review

A project to review the geotechnical study of the Alexander Dock. The $1,100 project was funded solely by a grant from the Core Area Initiative

Alexander Dock: Master Plan and Walkway Link

Two projects to show how the Alexander Dock area would be integrated into the overall site to complete the walkway links. The projects were funded by a Core Area Initiative commitment of $12,665, which represents the total project cost.

Assiniboine River Promenade: Feasibility

A project to study the feasibility of constructing a pedestrian promenade along the north bank of the Assiniboine River linking the Legislative Building to the Forks site. The project was supported by a Core Area Initiative commitment of $93,000, which represents the total project cost.

Assiniboine Riverwalk: Phases 1 and 2

A project to construct a pedestrian promenade along the north bank of the Assiniboine River linking the Legislative Building to the Forks site. The project was supported by a Core Area Initiative commitment of $3,173,233, which represents the total project cost.

Assiniboine Riverwalk: Phase 3

A project to complete construction of the Assiniboine Riverwalk between Kennedy and Donald Streets. The project was supported by a Core Area Initiative commitment of $950,000, with an additional $200,000 being approved for settlement of claims for the expropriated easements.

Bridge Enhancement

A study to examine the options for pedestrian accessibility on existing and proposed bridges in the core area. As a test case, access under the Norwood Bridge was constructed during the winter of 1990. Consultants: Scatliff/Rech Landscape Architects and KGS Engineering. The study and project were supported by a Core Area Initiative commitment of $212,416 which represents the total project cost.

Environment Week Marathon Canoe Race

A project to create awareness of the Red River through a three-day canoe race (June 2-5, 1988) and closing ceremonies sponsored by Environment Week Marathon Canoe Race. The project was supported by a Core Area Initiative commitment of $1,750. The total project cost was $7,000.

Institute of Urban Studies Conference

A project to assist in the organization and implementation of the conference "Towards Stewardship of Winnipeg's River Corridors". The $4,000 project was supported by a Core Area Initiative commitment of $4,000.

Interpretive Riverbank Strategy

A study to determine the significant cultural and natural elements of the river edge zone within the watershed environment of the core area boundaries. The results of the study are intended to assist in future planning in the riverbank area. The project was supported by a Core Area Initiative commitment of up to $25,000 which represents the total study cost.

International Outboard Grand Prix

Assistance in the organization and implementation of the Grand Prix motor boat racing event July 27-29, 1990. Sponsored by Riverlife Inc., the $456,000 project was supported by a Core Area Initiative commitment of $10,000 from the Riverbank Enhancement Program and $10,000 from The Exchange District Development Program.

Mostyn Place Park

A project involving improvements to Mostyn Place Park and the design and construction of a trail extension connecting the park with Osborne Bridge. The project was supported by a Core Area Initiative commitment of $49,705, which represents the total project cost. In 1989 this project was expanded and supported by $100,000 from the Manitoba/Winnipeg Community Revitalization Program for Spence Memorial.

Riverbank Development Strategy

A planning project aimed at preparing a long-range concept plan for future riverbank conservation, development and interpretation in the core area, and an implementation strategy for the Riverbank Enhancement Program. The project was used to assist the Riverbank Enhancement Program Committee in establishing programming priorities. A Core Area Initiative commitment of $27,828 represents the total project cost.

Riverbank Development/Environmental Interpretive Program for Inner-City Schools

A project to assist with the development of curriculum and materials for an interpretive program using riverbanks as a focus of study. Sponsored by the Manitoba Chapter of the Canadian Council for Inner City Education, the project was supported by a Core Area Initiative commitment $25,000 from the Riverbank Enhancement program and $50,000 from the Education Support Services Program. The total project cost was $75,000.

Saint-Boniface Walkway

A project to develop a walkway along the Red River behind the Saint-Boniface Hospital was developed as a key component of an overall public access route. The project included design and construction. The project was supported by a Core Area Initiative commitment of $247,223 which represents the total project cost.

Seine River Conservation Area Park Development

A project to develop a public natural area park north of Provencher Boulevard along the Seine River toward the north of the Red River. The project was supported by a Core Area Initiative commitment of $190,078 which represents the total project cost.

The River Trail

A project to provide the public with winter access and programming of a two-mile skiing, skating, and walking trail along the Assiniboine River.

. 1987-88

The project was managed by the Riverborne Development Corporation and created four jobs. The completed project was supported by a Core Area Initiative investment of $46,000 from the Riverbank Enhancement Program, as well as $5,000 from the Public Information and Programming Program. The total project cost was $51,000.

. 1988-89

Sponsored by the Riverborne Development Association, Inc. with programming co-operation from the Festival du Voyageur, the project was supported by a Core Area Initiative commitment of $40,000 from the Riverbank Enhancement Program and $10,000 from the Public Information and Programming Program. The total project cost was $50,000. The project provided temporary employment for up to three individuals.

. 1989-90

Sponsored by the Riverborne Development Corporation and the Festival du Voyageur, the six-week project was supported by a $40,000 commitment from the Initiative's Riverbank Enhancement Program and $5,000 from the Initiative's Public Information Program. Additional funding was provided by private sponsorship.

. 1990-91

Sponsored by the Festival du Voyageur and the Riverborne Development Corporation, the project was supported by a $40,000 commitment from the Initiative's Riverbank Enhancement Program, as well as $5,000 from the Public Information Program.

Parc Joseph Royale

A project involving the redevelopment of the former Tourist Hotel site. The site was redeveloped as a landmark and link to Saint-Boniface, downtown and the riverbank park system, increasing year-round access, use and enjoyment of the riverbank area. Components of the project included:

. Heritage Impact Study

A heritage impact assessment of the Tourist Hotel site with the Core Area Initiative's assistance of $8,296, which represents the total project cost.

. **Acquisition**

Acquisition of the Tourist Hotel site with the Core Area Initiative's assistance of $461,920 from the Riverbank Enhancement Program and $1,000,000 from the Strategic Capital Projects Program. The total cost of site acquisition was $1,461,920.

. **Construction Costs**

Costs of redevelopment of the former Tourist Hotel site into a park with fountain. The $290,243 project was supported by a Core Area Initiative commitment of $254,500, with additional support provided by the City of Winnipeg.

. **Historical Artifact Exhibit**

La Societe historique de Saint-Boniface conducted research for a display to be set up at the library. The project was supported by a Core Area Initiative commitment of $1,600, which represents the total project cost.

STRATEGIC CAPITAL
(Program 5)

Description: The program was established to encourage the development of major capital projects. The projects contributed to the overall objectives of the Agreement and are expected to generate substantial economic and other spin-off benefits.

Implementing Jurisdictions: Winnipeg/Manitoba/Canada

Committee Structure: The Policy Committee of the Winnipeg Core Area Initiative was the final decision-making body for this program. Recommendations on the type/size of projects came from Management Board and the Core Area Initiative Office.

Implementing Body: The Core Area Initiative Office was responsible for the primary contact and initial investigation of project proposals. Once a decision was made to allocate funds to a project, a new sub-program authorization was developed for approval by Policy Committee.

Budget: $15,109,000

PROGRAM STATUS SUMMARY:

- 9 major capital projects assisted or in development (includes Forks Market, German Canadian Cultural Centre, MTC Warehouse, Pantages, YM/YWCA, Prairie Theatre Exchange, St. Boniface land acquisition)
- Total investment (contracted or completed) $38,548,160 - Includes Core Area Initiative $18,009,509 (Strategic Capital $15,893,996, other CAI programs $2,115,513); other government grants $5,646,500; private $14,892,651
- 272 jobs expected as well as 338 person years of construction employment

PROJECTS:

Children's Museum Feasibility Study

A project to determine the feasibility of relocating the Manitoba Children's Museum to the B & B Building located at the Forks. The $30,000 project was supported by a Core Area Initiative commitment of $20,000, including $10,000 from the Strategic Capital Program and $10,000 from The Forks Renewal Corporation. Additional support for the project was provided by the sponsoring agency.

Forks Public Market

A project to renovate two historic stable buildings for use as a year-round public market. The 50,000 square foot market provides rental space for up to 35 food merchants, as well as space for restaurants and office/retail uses. Sponsored by The Forks Renewal Corporation, the $7,100,000 project received Core Area Initiative assistance in the amount of $5,000,000. Approximately 200 non-construction jobs were created as a result of the project. The project opened October 5, 1989.

German Canadian Cultural Centre

A project to assist with the acquisition and conversion of the Marlborough Hotel property to serve as a cultural centre for Manitobans of German heritage. The facility provides offices, cultural facilities, performance space, archives and a library. The $5,500,000 project was supported by a Core Area Initiative commitment of $750,000.

Land Expropriation Settlements

A project to provide $1,862,000 towards expropriation settlements incurred after April 1, 1986 for land which was acquired under the first Core Area Initiative Agreement (for further development purposes).

MTC Warehouse Theatre

A project in support of The Exchange District redevelopment to undertake extensive renovations to the MTC Warehouse Theatre at 140 Rupert Avenue. The $815,000 project was supported by a Core Area Initiative commitment of $230,000, including $70,000 from the Strategic Capital Program and $160,000 from The Exchange District Redevelopment Program. Other support to the project was provided by the Manitoba Arts Council, the Manitoba Community Places program, the federal Department of Communications, the City of Winnipeg and the Winnipeg Foundation. The project was completed and opened in December 1988.

Pantages Playhouse Theatre

A project in support of The Exchange District redevelopment to allow for renovation and expansion of the theatre at 180 Market Avenue, involving physical renovation of the interior including the historic features and technical amenities, reorientation of the facility toward Main Street, an addition to the west side of the building, and streetscaping to enhance the immediate area. The project was supported by a total Core Area Initiative commitment of $2.5 million, including $1 million from the Strategic Capital Program and $1.5 million from The Exchange District Redevelopment Program. The total project cost of $6.2 million was shared with the City of Winnipeg.

Portage Place YM/YWCA

A project to renovate and expand The YM/YWCA's downtown facility. Completed in the summer of 1991, the 90,000 square foot facility provides services and recreation facilities to the City of Winnipeg and in particular the downtown population. The $11,830,950 project was supported by a Core Area Initiative commitment of $4,000,000.

Prairie Theatre Exchange

A project to provide for the development of a 378-seat performance theatre, workshop, classroom, studio and support space on the third level of Portage Place to accommodate the relocation of the Prairie Theatre Exchange. The project received $1 million from the Core Area Initiative toward the $3,387,701 project. It was also supported by The Province of Manitoba, North Portage Development Corporation, Cadillac Fairview, and the City of Winnipeg. The theatre opened on October 12, 1989.

St. Boniface Riverbank Land Acquisition

A project providing for the purchase of the former Tourist Hotel site, strategically located on the riverbank in St. Boniface. The hotel structure was demolished in May 1988 and the site has been redeveloped as a park (see Program 4). A gateway to Saint-Boniface, the site allows for a connection to the Tache Promenade. The project was sponsored and supported by a Core Area Initiative commitment of $1.0 million from the Strategic Capital Program, as well as $461,920 from the Riverbank Enhancement Program.

NEIGHBOURHOOD AND COMMUNITY DEVELOPMENT
(Program 6)

Description: The program provided financial assistance and resources to support the activities and development of targetted high-needs neighbourhoods and high-needs populations within the core area. The program emphasized the integration of physical, social and economic initiatives on either a neighbourhood-specific or core area-wide basis.

Implementing Jurisdictions: Winnipeg/Manitoba

Committee Structure: An Intergovernmental Resource Committee guided the co-ordination process for the program within government and among the four sub-programs and made recommendations on funding proposals.

Decision-making on the neighbourhood-specific (Neighbourhood Facilities and Neighbourhood Services) programs was vested in local residents and service programs.

Decision-making for Community Services and Facilities and Education Support Services was vested with Advisory Councils appointed by Policy Committee.

Implementing Bodies: Winnipeg's Community Programs Division was responsible for the delivery of the Neighbourhood Facilities/Neighbourhood Services sub-programs.

The Core Area Initiative Office, under contract from Manitoba, was responsible for delivery of both the Community Services and Facilities and Education Support Services sub-programs.

Budget: $16,210,000

NEIGHBOURHOOD FACILITIES

PROGRAM STATUS SUMMARY:

- 48 neighbourhood facilities (e.g. parks, day cares, community centres) assisted
- Total investment (contracted or completed) $9,980,389 - Includes Core Area Initiative $4,481,305 (Neighbourhood Facilities $4,225,000, other CAI programs $256,305); other government grants $2,330,421; repayable government loans $2,240,280; private $928,383
- 14 jobs expected as well as 119 person years of construction employment

PROJECTS:

Aberdeen Park Fence

A project involving the erection of a new chainlink fence around Aberdeen Park. The project was supported by a Core Area Initiative commitment of $2,382, which represents the total project cost.

Action Centre Grounds Redevelopment

A project to upgrade the grounds and play structures of the Action Centre Day Care located at 377 Dufferin Avenue. The $96,797 project was supported by a Core Area Initiative commitment of $51,765. Additional project support was provided by The City of Winnipeg's Parks and Recreation Department and Community Incentive Grant Program.

Action Infant Centre

A project to develop 600 square feet of day care space to accommodate an infant care program for 12 children. Sponsored by Action Centre Day Care, the $50,006 project was supported by a Core Area Initiative commitment of $36,506. Additional project support was provided by the Manitoba Community Places Program.

Anne Ross Day Nursery Playground

A project to assist with playground improvements and landscaping to the grounds at Anne Ross Day Nursery. Sponsored by Mount Carmel Clinic, the $54,675 project was supported by a Core Area Initiative commitment of $40,000. Additional project support was provided by Mount Caramel Clinic.

Argyle/Aberdeen Schools Wading Pool

A project involving redevelopment of the school grounds and the replacement of a concrete wading pool at the Argyle/Aberdeen Schools. Sponsored by the Aberdeen Parents Group, the project was supported by a Core Area Initiative commitment of $133,324. The total project cost was $158,324. Other funders were the Manitoba Community Services Council and the city of Winnipeg Community Incentive Grant Program.

Burton Cummings Community Centre Upgrading
(formerly West End Memorial, and then Arlington Park, Community Centre)

A project involving the renovation/expansion of a 10,800 square-foot community centre at Arlington and McDermot for use by community residents. The $712,067 project was supported by a Core Area Initiative commitment of $342,565. Additional project support was provided by the City of Winnipeg and the Manitoba Community Places Program.

Burton Cummings Community Centre Grounds

A project to redevelop the grounds of the Burton Cummings Community Centre to accommodate family skating, toboggan slides and a tennis court. The $109,000 project was supported by a Core Area Initiative commitment of $96,000. Additional project support was provided by the Community Centre Executive.

David Livingstone School Tot Lot

A project to develop a tot lot adjacent to the David Livingstone School at 270 Flora Avenue. The $56,175 project was supported by a Core Area Initiative commitment of $38,000. Additional funding support was provided by B.L.A.S.T. Day Care and Winnipeg School Division No. 1.

Dufferin Park Grounds

A project involving upgrading and redevelopment of Dufferin Park located at Logan Avenue and Gunnell Street. The $112,700 project was supported by a Core Area Initiative commitment of $65,200. Additional project support was provided by the Parks and Recreation Department of the City of Winnipeg.

Dufferin School Grounds

A project to redevelop the grounds of Dufferin School for use by students and community residents. The $33,448 project was supported by a Core Area Initiative commitment of $13,180. Additional support to the project was provided by the Manitoba Community Places Program and Winnipeg School Division No. 1.

Dufferin School Grounds: Phase II

A project to redevelop the playing field at Dufferin School for use by neighbourhood residents. The project was supported by a Core Area Initiative commitment of up to $54,500 which represents the total project cost.

Elgin House

A project to construct a new Elgin House facility at 429 Elgin Avenue to house a number of educational, training and recreational activities for inner city youth. Sponsored by Rossbrook House, the $358,837 project was supported by a Core Area Initiative commitment of $283,837. Additional project support was provided by the Manitoba Community Places Program.

Elgin House Engineering Study

A project to support an engineering assessment of Elgin House, a community-owned property housing several service agencies. Sponsored by Rossbrook House, the project was supported by a Core Area Initiative commitment of $500, which represents the total project cost.

Ellen Pacific Three Site Campus

A project involving the redesign and relocation of playground and park equipment at the Ellen Pacific Tot Lot, Pacific Park and Ellen Ross Playground sites to improve park layout and use by neighbourhood residents and minimize the potential for vandalism. The project was supported by a Core Area Initiative commitment of $65,900, which represents the total project cost.

Flora House

A project to construct a new 1,500-square-foot Flora House facility to accommodate a range of services, including youth recreation, a food bank and clothing depot. Sponsored by the Presbyterian Church of Canada, the $150,000 project was supported by a Core Area Initiative commitment of $150,000.

Freight House: Building and Grounds Improvements

A project involving interior and exterior improvements to Freight House located at 555 Ross Avenue, to serve residents of Logan and Centennial. A multi-purpose gymnasium was constructed, and Kin Park was extensively upgraded with a new swimming pool, water slides, wet play area, and sports field and fencing improvements. The $894,846 project was supported by a Core Area Initiative commitment of $499,575.

Freight House Day Nursery: Equipment

A project to assist a day care with the acquisition of new equipment and furnishings. The $8,255 project was supported by a Core Area Initiative commitment of $5,255. Additional project support was provided by the Winnipeg Foundation.

Habitat for Humanity Housing Land Acquisition

A project to provide resources to purchase land for the construction of housing in select inner-city neighbourhoods. The project was supported by a Core Area Initiative commitment of $40,000, which represents the total project cost.

Health Action Centre Renovations

A project to assist with the renovation of space in St. Andrews Place to accommodate a range of medical, health and outreach services. The $640,485 project was supported by a Core Area Initiative commitment of $25,000. Additional project support was provided by Manitoba Health.

Hope Centre Community Health Care

A project to prepare the site, through demolition and grading, for future development of a community health care clinic. The project was supported by a Core Area Initiative commitment of $19,000.

Hugh John MacDonald School Grounds

A project to redevelop the grounds of Hugh John Macdonald Junior High School for use by students and area residents. The $44,791 project was supported by a Core Area Initiative commitment of $27,041. Additional support to the project was provided by the Manitoba Community Places Program.

I.R.C.O.M. (formerly S.E.A.R.C.O.M.) Park Development

A project to develop a neighbourhood park for children and adults living in a refugee housing complex. The $53,453 project was supported by a Core Area Initiative commitment of $50,000.

I.R.C.O.M. (formerly S.E.A.R.C.O.M.) Sports Equipment

A project to provide sports equipment to the City Centre-Fort Rouge Parks and Recreation Branch for use by community residents. The project was supported by a Core Area Initiative commitment of $4,177, which represents the total project cost.

Inner City Voice: Desk Top Publishing

A project to assist an inner-city community newspaper with the acquisition of desk top publishing equipment. The $18,966 project was supported by a Core Area Initiative commitment of $8,966, with additional support provided by the Winnipeg Foundation.

Isaac Newton School Yard

F.A.C.E.S.S., the project was supported by a Core Area Initiative commitment of $4,000, which represents the total project cost.

Ojibway Language Program

A project providing total immersion Ojibway Language schooling for 16-18 pre-school children at Dufferin School. Sponsored by Abinochi Zhawaynkahkoziwin, Inc., the project created two jobs and was supported by a Core Area Initiative commitment of $70,000, which represents the total project cost.

Parent-Child Centres (Elgin, Ellice, Strathcona)

A project designed to enhance relationships between pre-schoolers and their parents through the provision of drop-in play centres, toy-book lending libraries, parent resource centres, workshops and special events. Parent-Child Centres was supported by Core Area Initiative commitments totalling $260,503 from its Neighbourhood Services, Community Services and Facilities, and Education Support programs during 1988 and 1989. The project was also supported by Child and Family Services of Central Winnipeg, the Manitoba Community Services Council, and the Winnipeg School Division No. 1. Three jobs were expected to be created.

Pemmican Publishers: Native Profiles

A project to assist in the production of a series of biographies profiling outstanding Manitobans of aboriginal descent. The collection was designed to serve as curriculum for grades 5 and 6 social studies. The $37,500 project was supported by a Core Area Initiative commitment of $33,500 and was expected to create four jobs.

Pritchard Place Alternative Program

A project to provide an alternative educational format for students at risk of leaving the school system. Sponsored by Winnipeg School Division Number 1, the $271,494 project was supported by a Core Area Initiative commitment of $135,930.

"RAZ" Educational Comic Book

A project to produce an informational comic book that helps children recognize signs of problems or abusive situations and identifies agencies that can assist these children. The project was supported by a Core Area Initiative commitment of $2,290, which represents the total project cost.

Reading/Writing Immersion Project

A project to identify and address literacy deficiencies among children early in their school careers. Sponsored by Winnipeg School Division No. 1, the project was supported by a Core Area Initiative commitment of $102,150, which represents the total project cost.

Storywriting at Glenelm

A project providing for the integration of performing arts into language arts curriculum, enrichment activities and language stimulation and development. As part of the project, two classroom musicians composed original songs for dramatic presentations. Sponsored by the Glenelm Parent Advisory Council, the project was supported by a Core Area Initiative commitment of $1,200. The total project cost was $6,000.

The History of Rhythm Video

A project to assist with the production of a video depicting African musical history. Sponsored by the Intercultural Development Education Association, the project was supported by a Core Area Initiative commitment of $49,181, which represents the total project cost.

Young Aboriginal Artists Group

A project to provide an opportunity for young aboriginal artists to develop their skills and self-confidence in a support group setting. The project was supported by a Core Area Initiative commitment of $51,225, which represents the total project cost.

Young Aboriginal Artists II

A continuation of the above project was supported by a Core Area Initiative commitment of $31,878, which represents the total project cost.

Youth Entry Program

A project to provide a 52-week training opportunity for up to 20 unemployed high-risk Southeast Asian youth to better prepare them for entry into the labour market. The project provided for English literacy and language skills, pre-employment preparation and occupational skill development. Sponsored by Winnipeg School Division No. 1, the $292,950 project was supported by Core Area Initiative commitments of $61,869 from the Education Support Services Program, $86,588 from the Employment and Training Program and $54,054 from the Neighbourhood Services Program. Additional project support was provided by Employment and Immigration Canada, the Inner City Initiative and Winnipeg School Division No. 1.

HOUSING
(Program 8)

Description: The program was established to improve the quality, availability and affordability of housing shelter for people living in the core area. Activities occurred within four major areas: home ownership incentives; housing development activities to stimulate additional affordable residential stock; home repair initiatives; and the integrated inspection and enforcement of housing upgrading and maintenance by-laws (CARUMP).

Implementing Jurisdictions: Winnipeg/Manitoba/Canada

Committee Structure: A Housing Sub-committee was established to co-ordinate and integrate the overall activities of the program components and the activities of Canada, Manitoba, and Winnipeg's existing housing initiatives. The committee consisted of two representatives from each level of government and was chaired by the Core Area Initiative Office.

Implementing Bodies: Delivery agents for the program were as follows:

- **Core Area Initiative Grant for Home Ownership:**
  Manitoba Housing
- **Housing Development Stimulus:**
  Manitoba Housing and Winnipeg Core Area Initiative
- **Core Area Home Renovation Program (CAHRP):**
  City of Winnipeg (Community Programs Division) and Manitoba Housing
- **Core Area Rental Unit Repair/Forgiveness:**
  City of Winnipeg (Community Programs Division)
- **Core Area Residential Upgrading and Maintenance Program (CARUMP):**
  City of Winnipeg (Community Programs Division)

Budget: $10,500,000

CORE AREA INITIATIVE GRANT FOR HOME OWNERSHIP (CAIGHO)

PROGRAM STATUS SUMMARY:

- Grants provided for the purchase of 198 (178 existing; 20 new) homes in the core area
- Total investment approximately $8,640,000 - includes Core Area Initiative $1,686,505

HOUSING DEVELOPMENT STIMULUS

PROGRAM STATUS SUMMARY:

- 1 private, 13 private non-profit and 5 co-operative housing development projects assisted or in development
- 410 new units created, less 103 lost through demolition, resulting in 307 additional units
- Total investment (contracted or completed) $27,006,838 - Includes Core Area Initiative $2,425,450 (Housing Development Stimulus $1,926,138, other CAI programs $330,312, first Agreement $169,000); other government grants $400,292; government repayable loans $23,067,603; private $1,113,493
- 25 jobs expected as well as 251 person years of construction employment

PROJECTS:

FILCASA Housing Co-op

A project to covert the historic Normal School building to 29 units of family/seniors housing. The $2,621,240 project was supported by a Core Area Initiative commitment of $271,188, including $164,876 from the Housing Development Stimulus Program and $106,312 from The Exchange District Redevelopment Program. Additional support to the project was provided as a heritage grant from Manitoba Culture, Heritage and Citizenship, and provision of the building for $1 by Manitoba Government Services. Mortgage financing was provided by Manitoba Housing, and long-term subsidy assistance for low-income tenants was provided by the Canada Mortgage and Housing Corporation (CMHC) and Manitoba Housing.

Habitat For Humanity

A project to construct two single family dwellings on Flora Avenue. The houses were constructed using volunteer labour and donated materials. The $60,000 project was supported by a Core Area Initiative commitment of $5,000. The project sponsor provided for zero interest financing to the purchasers to ensure that the homes are affordable.

Habitat For Humanity: Flora Avenue

A project involving the construction by volunteers of three homes on Flora Avenue. The $150,000 project was supported by a Core Area Initiative commitment of $25,500.

Habitat For Humanity: Angus St. Project

A project involving the construction of a 16-unit subdivision on Angus Street for purchase by low-income families. The $1,787,200 project was supported by a Core Area Initiative commitment of $249,500.

International Centre Residence (Sonja Roeder House)

A project involving the acquisition and conversion of a nursing home for use as a residence for immigrant and refugee students attending post-secondary institutions. The $480,000 project was supported by a Core Area Initiative commitment of $186,000 and expected to create 10 jobs.

I.R.C.O.M. (formerly S.E.A.R.C.O.M.) Housing Project

A project involving the construction of a 67-unit housing complex in the North Ellice precinct. The $5,485,680 project was supported by a Core Area Initiative commitment of $400,000. Additional support of the project was provided by Manitoba Housing.

M.A.P.S. Housing Co-op Ltd.

A project involving the construction of eight new family housing units and the renovation of two family housing units on Manitoba Avenue. The $1,007,822 project was supported by a Core Area Initiative commitment of $37,050. Mortgage financing for the project was provided through Manitoba Housing, and long-term subsidy assistance for low-income tenants was provided by the Canada Mortgage and Housing Corporation (CMHC) and Manitoba Housing.

M.A.P.S. Housing Co-op: Manitoba Avenue Project

A project involving the acquisition of lots on Manitoba Avenue to support construction of 16 family housing units. The $1,277,320 project was supported by a Core Area Initiative commitment of $6,000.

Native Women's Transition Centre

A project involving the construction of a 16-bed housing complex designed to accommodate native women and their children. The $932,732 project was supported by Core Area Initiative commitments of $37,628 from the Housing Program, $104,000 from the Community Services & Facilities Program and a $45,000 from the Neighbourhood Facilities Program, as well as by grants from a variety of agencies and group equity totalling $210,104. Manitoba Housing provided a mortgage of $536,000, and long-term subsidy assistance for low-income tenants was provided by the Canada Mortgage and Housing Corporation (CMHC) and Manitoba Housing.

Payuk Inter-Tribal Co-op

A project to rehabilitate and convert two existing buildings to five residential units. The $395,700 project was supported by a Core Area Initiative commitment of $60,000. Mortgage assistance was provided through the Manitoba Co-op Homestart Program.

Place Youville

A project to support the purchase of land for future development of 470 units of housing in the Youville-Bertrand area of Saint-Boniface. Sponsored by the Saint-Boniface Development Corporation, the $29,500 project was supported by a Core Area Initiative commitment of $29,500.

Saigon House

A project to construct 54 units of non-profit rental housing for families and the elderly at 460 Balmoral Avenue. Sponsored by the Vietnamese Non-Profit Housing Corporation and the Free Vietnamese Association of Winnipeg, the $4,738,212 project was supported by Core Area Initiative commitments of $35,000 from Housing Development Stimulus and $25,000 from Community Services and Facilities. Manitoba Housing provided mortgage financing, and long-term subsidy assistance for low-income tenants was provided by the Canada Mortgage and Housing Corporation (CMHC) and Manitoba Housing.

United Housing Co-op

A project to support an existing housing co-operative with costs incurred in the renovation and conversion of a structure to 28 housing units. The $1,791,753 project was supported by a Core Area Initiative commitment of $199,000, including $169,000 from the initial Core Area Agreement and $30,000 from the renewed Agreement. Additional project support was provided by Manitoba Housing.

Veterans Manor

A project to construct a 60-unit housing complex designed to provide a permanent home for Canadian war veterans presently living in the core area. In addition to providing housing, the project offered a range of social, medical and nutritional services to residents. Sponsored by Joint Veterans Housing Society Inc., the $4,250,000 project was supported by a Core Area Initiative commitment of $241,000. Mortgage assistance for the project was provided by Manitoba Housing, and long-term subsidy assistance for low-income tenants was provided by the Canada Mortgage and Housing Corporation (CMHC) and Manitoba Housing.

Winnipeg Housing Rehabilitation Corporation: 347 Manitoba Ave.

A project to renovate a deteriorated apartment block at 347 Manitoba Avenue into 24 units of family housing. The $1,492,436 project was supported by a Core Area Initiative commitment of $94,600. Mortgage financing was provided by Manitoba Housing, and long-term subsidy assistance for low-income tenants was provided by the Canada Mortgage and Housing Corporation (CMHC) and Manitoba Housing.

Winnipeg Housing Rehabilitation Corporation: 271-175 Young

A project involving the acquisition and renovation of a 12-suite apartment block and construction of three townhouse units at 271-275 Young Street. The $1,020,302 project was supported by a Core Area Initiative commitment of $69,397. Mortgage financing was provided through Manitoba Housing, and long-term subsidy assistance for low-income tenants was provided by the Canada Mortgage and Housing Corporation (CMHC) and Manitoba Housing.

Winnipeg Housing Rehabilitation Corporation: 86 Young

A project involving the acquisition and renovation of a 12-suite apartment block 86 Young Street. The $904,034 project was supported by a Core Area Initiative commitment of $103,752. Mortgage financing was provided through Manitoba Housing, and long-term subsidy assistance for low-income tenants was provided by the Canada Mortgage and Housing Corporation (CMHC) and Manitoba Housing.

Winnipeg Housing Rehabilitation Corporation: 484 Toronto

A project involving the rehabilitation of 12 two-bedroom apartment suites at 484 Toronto Street. The $895,748 project was supported by a Core Area Initiative commitment of $114,302. Mortgage financing for the project was provided by Manitoba Housing, and long-term subsidy assistance for low-income tenants was provided by the Canada Mortgage and Housing Corporation (CMHC) and Manitoba Housing.

Winnipeg Housing Rehabilitation Corporation: 200 Charles St.

A project involving the conversion of a former police station into a 10-suite housing complex. The $706,110 project was supported by a Core Area Initiative commitment of $17,622, and long-term subsidy assistance for low-income tenants was provided by the Canada Mortgage and Housing Corporation (CMHC) and Manitoba Housing.

CORE AREA HOME RENOVATION PROGRAM (CAHRP)

PROGRAM STATUS SUMMARY:

- 535 homeowner units repaired
- Total investment $4,623,953 - Includes Core Area Initiative $2,115,715; other government grants $1,238,688; government repayable loans $902,538; private $367,012

CORE AREA RENTAL UNIT REPAIR / FORGIVENESS

PROGRAM STATUS SUMMARY:

- 488 rental units repaired
- Total investment $8,161,545 - Includes Core Area Initiative $2,036,326; other government grants $3,467,605; government repayable loans $6,325; private $2,651,289

CORE AREA RESIDENTIAL UPGRADING AND MAINTENANCE PROGRAM (CARUMP)

PROGRAM STATUS SUMMARY:

- 5,430 dwelling units in 1,003 buildings were inspected, with 828 Maintenance and Occupancy By-law Orders to Repair issued
- 856 tenants received intensive services from a social worker and/or home support teacher
- Tenant relocations and referrals to social housing agencies, Landlord & Tenant Affairs and other social service agencies were undertaken
- Total investment $1,548,649

EMPLOYMENT AND TRAINING
(Program 9)

Description: The program was established to increase the participation of targetted core area residents in employment and training opportunities. Typically, these residents were social assistance recipients, unemployment insurance recipients, and low-income earners. Within these groups, attention was given to women, persons of Aboriginal ancestry, members of visible minority groups and persons with disabilities.

Implementing Jurisdiction: Manitoba

Committee Structure: The Employment and Training Advisory Committee consisted of two representatives from each level of government, one representative from each level of the Agreement Co-ordinators, and one representative from the Core Area Office.

Implementing Body: The program was delivered by the Core Area Initiative Office under contract with Manitoba Education and Training.

Budget: $12,054,000

PROGRAM STATUS SUMMARY:

- 85 occupational projects undertaken
- 54 community-based projects undertaken
- Total investment (contracted or completed) $15,903,007 - Includes Core Area Initiative $12,340,191 (Employment and Training $11,897,603, other CAI programs $147,733, first Agreement $294,885); other government grants $2,997,212; private $565,604
- 1,064 training positions created in occupational projects
- 610 persons placed in employment; an additional 67 persons still in training
- 2,198 persons participated in community-based, pre-employment training

PROJECTS:

Occupational Training Projects

Aboriginal Journalism

A project to prepare 19 individuals of aboriginal ancestry for employment opportunities in print and broadcast journalism. The two-year, $849,510 project was supported by a Core Area Initiative commitment of $424,755. Additional support to the project was provided through the Manitoba Education and Training New Careers Program.

Administrative Support Workers

A project to provide 15 core area residents of aboriginal ancestry with skills required to function as administrative support personnel within the Manitoba justice system. The 44-week project was supported by a Core Area Initiative commitment of $252,975, which represents the total project cost.

Adult Educators

A project to prepare 11 core area residents for employment as instructors or counsellors in the adult education system in Manitoba. The $302,240 project was supported by a Core Area Initiative commitment of $242,240. Additional support to the project was provided by the Manitoba Education and Training New Careers program and Island Lake Tribal Council.

Aerospace Engine Overhaul

A project to prepare 14 unemployed core area residents for employment as aerospace engine repairers. The 28-week, $123,316 project was supported by a Core Area Initiative commitment of $61,658. Additional project support was provided by the Canada Employment and Immigration Commission.

All Native Circle Conference

A project to train one unemployed core area resident of aboriginal ancestry as a secretary/administrative assistant for the All Native Circle Conference of the United Church of Canada. Sponsored by the United Church of Canada, the $6,748 project was supported by a Core Area Initiative commitment of $3,764.

Archaeological Interpretive Guides I

A project to train two post-secondary students of aboriginal ancestry as archaeological interpretative guides for the public excavation at The Forks Site. Sponsored by The Forks Renewal Corporation, the $5,729 project was supported by a Core Area Initiative commitment of $3,041.

Archaeological Interpretive Guides II

A project to train two post-secondary students for employment as archaeological interpretive guides for the public excavation at The Forks. Sponsored by The Forks Renewal Corporation, the $12,796 project was supported by a Core Area Initiative commitment of $6,748.

Arrow-Wood Graphics

A project for one unemployed core area resident to develop occupational skills as a printing press operator. The $2,171 project was supported by a Core Area Initiative commitment of $1,085. Additional project support was provided by the project's sponsor.

Bookmates: Administrative Assistant

A project to provide training to one unemployed core area resident as an administrative assistant to the co-ordinator of the Bookmates project. The six-month, $6,358 project was supported by a Core Area Initiative commitment of $3,915.

Border Glass: Glazing Installers

A project for six unemployed core area residents leading to employment in window fabrication and installation occupations. The 16-week, $39,307 project was supported by a Core Area Initiative commitment of $28,403. Additional project support was provided by the project's sponsor.

Children's Foundation of Winnipeg

A project to prepare one unemployed core area resident for employment as an administrative assistant. The 10-week, $2,745 project was supported by a Core Area Initiative commitment of $1,373.

Clement Travel Services: Consultant

A project to train one unemployed core area resident of aboriginal background as a travel consultant. The six-month, $6,362 project was supported by a Core Area Initiative commitment of $3,539.

Clerical I

A project to provide 21 unemployed core area residents with clerical and office-related skills. The 12-month program was supported by a Core Area Initiative commitment of $284,965. This represents the total project cost.

Clerical II

A project to provide 25 unemployed core area residents of aboriginal ancestry with the personal, academic and occupational skills needed to gain entry-level employment in clerical or office-related occupations. The 11-month training course was supported by a Core Area Initiative commitment of $345,889 which represents the total project cost.

Clerical III

A project to prepare 20 unemployed core area residents for entry-level clerical positions in office settings. The 48-week project was supported by a Core Area Initiative commitment of $302,884, which represents the total project cost.

Communications Centre Inc.

A project to train one unemployed core area resident for employment as a customer service representative. The $6,778 project was supported by a Core Area Initiative commitment of $3,553.

Community Economic Development

A project to train three unemployed core area residents of aboriginal ancestry as program consultants to the Community Economic Development Fund (CEDF). The 18-month project was supported by a Core Area Initiative commitment of $40,868. The total project cost was $58,044.

Developmental Service Workers

A project to provide 25 persons experiencing employment barriers with on-the-job skills required for working with the mentally-handicapped. Sponsored by the Association for Community Living, the project was supported by a Core Area Initiative commitment of $207,912. The total project cost was $769,573.

Employment Strategy for Persons with Disabilities

A project to assist up to 32 persons with disabilities with employment opportunities in the public and private sectors including a program to train 12 persons for clerical positions. The $365,163 project was supported by a Core Area Initiative commitment of $330,334. Additional project support was provided by the City of Winnipeg and the Manitoba Telephone System.

English for Job Finding Purposes

A project designed to provide recent immigrants with English language and job-readiness preparation.

Intake II

A six-month project for 16 unemployed core area residents was supported by a Core Area Initiative commitment of $38,885. The project cost of $127,229 was also supported by the Immigrant Counselling and Placement Unit of C.E.I.C.

Intake III

A six-month project for 12 unemployed core area residents was supported by a Core Area Initiative commitment of $53,429, which represents the total project cost.

Intake IV

A twelve-month project for 21 unemployed core area residents was supported by a Core Area Initiative commitment of $55,728. The total project cost was $71,514.

Fazer Furniture I

A project to train one unemployed core area resident for employment as a furniture finisher. The $6,737 project was supported by a Core Area Initiative commitment of $3,700.

Fazer Furniture II

A project to prepare one unemployed core area resident as a cabinet maker within the furniture manufacturing industry. The $7,501 project was supported by a Core Area Initiative commitment of $3,818.

Financial Institutions

A project to train unemployed core area residents as tellers/customer service representatives in financial institutions.

Intake II

A five-month project for 19 unemployed core area residents was supported by a Core Area Initiative commitment of $127,999, which represents the total project cost.

Intake III

A 29-week project for 23 unemployed core area residents was supported by a Core Area Initiative commitment of $139,733, which represents the total project cost.

Intake IV

A six-month project for 21 unemployed core area residents was supported by a Core Area Initiative commitment of $123,556. The total project cost was $150,148.

Intake V

A 22-week project for 15 unemployed core area residents was supported by a Core Area Initiative commitment of $72,335. The total project cost was $131,885.

Fire Fighters

A project to train 11 unemployed core area residents for positions as fire fighters with the City of Winnipeg and other employers. The 36-week project was supported by a Core Area Initiative commitment of $177,191, which represents the total project cost.

Forks Renewal Corporation: Maintenance

A project to train two unemployed core area residents for employment as maintenance personnel at The Forks Market. The $12,552 project was supported by a Core Area Initiative commitment of $7,341.

Furniture Manufacturing

A project to assist 21 unemployed core area residents to obtain occupations in furniture manufacturing. The project was supported by a Core Area Initiative commitment of $148,330 which represents the total project cost.

Hard-Hatted Women

A project to prepare 12 unemployed core area females for access to entry level construction trade and apprenticeable positions within the Manitoba Telephone System and the City of Winnipeg. An additional eight MTS employees also received training to upgrade skills for eligibility into apprenticeable positions. The 12-month, $350,359 project was supported by a Core Area commitment of $252,196.

Homemakers

A project to prepare 20 unemployed core area residents as homemakers with Ma Mawi Wi Chi Itata, Northwest Child and Family Services and Child and Family Services of Central Winnipeg. The 20-week, $118,611 project was supported by a Core Area Initiative commitment of $109,151.

Home Renovation Workers

A project to provide 22 unemployed core area residents with home renovation skills. Sponsored by the National Energy Conservation Association, the completed project was supported by a Core Area Initiative commitment of $16,572. The total project cost was $300,959.

Horticulture IV

A project to prepare 21 unemployed core area residents for employment in the horticulture industry. The two-year program, which included regular curriculum of the Agricultural Diploma Program and courses in horticulture, was supported by a Core Area Initiative commitment of $122,185, representing $104,421 under the Initiative's first (1981-86) Agreement and $17,774 under the second (1986-91) Agreement. The total project cost was $202,866.

Human Justice II

A project to provide 20 persons of aboriginal ancestry and visible minorities with skills related to occupations in the law enforcement and corrections systems. The 10-month program was supported by a Core Area Initiative commitment of $295,659, which represents the total project cost.

Human Justice III

A project to prepare 17 unemployed core area residents who are of aboriginal ancestry or members of other visible minorities for employment opportunities in law enforcement. The 10-month project was supported by a Core Area Initiative commitment of $243,806 which represents the total project cost.

Human Justice IV

A project to assist 15 unemployed core area residents of aboriginal ancestry or members of visible minorities in qualifying for entry into law enforcement work with the City of Winnipeg and other enforcement agencies. The 42-week, $277,349 project was supported by a Core Area Initiative commitment of $80,000.

Immigrant/Refugee Internship

A project to assist up to six immigrant/refugee doctors to access the medical profession in Canada. The $192,594, one-year project was supported by a Core Area Initiative commitment of $186,594. Additional project support was provided by the University of Manitoba.

Industrial Training Centre

A project to train unemployed core area residents in heavy gauge sheet metal fabrication, welding and industrial painting in a production shop environment. The $483,000 project, sponsored by the Winnipeg Chamber of Commerce, was supported by a Core Area Initiative commitment of $247,000. The project was also supported by Canada Employment and Immigration Commission and the Parole Board of Canada.

Integrated Business Administration

A project enabling 26 unemployed core area residents to participate in a three-year educational program providing preparation for employment in various business administration occupations. Sponsored by Red River Community College, the program consisted of regular credit courses for the college's two-year Business Administration program, additional support courses, supplementary instruction and six weeks of work experience. The program was supported by a Core Area Initiative commitment of $781,125, which represents the total project cost.

J.C. Concrete: Paving Stone Installers

A project involving the training of four unemployed core area residents as interlocking brick installers. The one-month, $8,235 project was supported by a Core Area Initiative commitment of $4,651.

J. & D. Penner: Paving Stone Installers

A project to train four unemployed core area residents as inter-brick installers. The six-week, $5,905 project was supported by a Core Area Initiative commitment of $2,953.

Kanata Housing

A project to train one unemployed core area resident as a manager for Kanata Housing. The one-year program commenced March 28, 1988 and ended March 28, 1989 and created one job. The project was supported by a Core Area Initiative commitment of $9,490 from the Employment and Training Program and $9,000 from the Community Services and Facilities Program.

Kanut Ventures

A project to provide management skills training to one unemployed core area resident of aboriginal ancestry or a member of a visible minority group. The 24-week, $6,302 project was supported by a Core Area Initiative commitment of $3,417.

Kern Hill Furniture Co-op

A project to prepare one unemployed core area resident as an inventory control/customer relations officer with a furniture retailer. The $3,269 project was supported by a Core Area Initiative commitment of $1,635.

Landscape Technicians

A project to prepare 10 unemployed core area residents for employment as apprenticeable landscape technicians. The 30-week, $70,192 project was supported by a Core Area Initiative commitment of $37,645.

Lathers Union and Industry

A project to prepare six unemployed core area residents of aboriginal descent as lathers for employment within the drywalling and acoustic tile industry while indentured as apprentices to the Lathers Union. The $56,000, 40-week project was supported by a Core Area Initiative commitment of $31,730. Additional support to the project was provided through employer contributions.

Liberty Studios II

A project to prepare one unemployed core area resident as a photograph laboratory technician. The 12-month, $12,150 project was supported by a Core Area Initiative commitment of $6,224.

Liberty Studios III

A project to prepare one unemployed core area resident for employment in film processing and photo production. The six-month, $4,796 project was supported by a Core Area Initiative commitment of $1,634.

Manitoba Anti-Poverty Organization

A project to train one unemployed core area resident as an advocate for employment on behalf of unemployed core area residents. The project was supported by a Core Area Initiative commitment of $7,210, which represents the total project cost.

Manitoba Child Care Association

A project to train one unemployed core area resident for employment as an office clerk. The $6,314 project was supported by a Core Area Initiative commitment of $3,359.

M.A.P.S. - Property Manager

A project to provide administrative and management training to a resident of the M.A.P.S. area to serve as property manager for M.A.P.S. Housing Co-operative. The $9,717 one-year training project was supported by a Core Area Initiative commitment of $4,960 from the Employment and Training Program and $4,757 from the Neighbourhood Services Program.

M.A.P.S. and IRCOM Property Managers

A project to provide property management skills to two unemployed core area residents. The 12-month, $45,202 project was supported by a Core Area Initiative commitment of $15,500.

Nassau Electric Limited

A project to prepare one unemployed core area resident for employment as an electrical apprentice. The $16,626 project was supported by a Core Area Initiative commitment of $8,813.

Native Community College Instructors

A project to provide nine core area residents of aboriginal ancestry people with preparation necessary to become community college instructors. The 18-month program was supported by a Core Area Initiative commitment of $257,690 (includes $132,065 from the second Core Area Initiative agreement and $125,625 from the first). The total project cost was $350,511.

Naumko Production Inc.

A project to prepare one unemployed core area resident of aboriginal ancestry for employment in product sales and promotion. The six-month project was supported by a Core Area Initiative commitment of $833. The total project cost was $1,666.

Neechi Foods: Meat Cutters

A project to prepare two unemployed core area residents of aboriginal ancestry for employment as meat cutters. The 30-week project was supported by a Core Area Initiative commitment of $5,607, which represents the total project cost.

Neechi Foods Training

Selkirk Avenue Streetscaping

A project involving the construction of the streetscaping component of the Selkirk Master Plan. The project undertook streetscaping improvements on Selkirk Avenue between Main and Arlington Streets. The project was supported by a Core Area Initiative commitment of $413,405, which represents the total project cost.

Sooter Studio Ltd.

A project to assist with storefront improvements to an existing photography business. The $36,000 project was supported by a Core Area Initiative commitment of $12,000.

Sudsey's Laundromat - Creation

A project to assist in the creation of a new laundromat business. The $68,860 project was supported by a Core Area Initiative commitment of $15,000.

Sudsey's Laundromat

A project to assist with storefront improvements to a laundromat. The $3,934 project was supported by a Core Area Initiative commitment of $1,560.

T. M. Electronics

A project to assist with storefront improvements to a retail electronics business. The $3,060 project was supported by a Core Area Initiative commitment of $1,086.

The Original Fashion Shop

A project to assist with storefront improvements to an existing retail clothing business. The $5,721 project was supported by a Core Area Initiative commitment of $3,400.

Ukrainian Mutual Benefit Association

A project to assist with the expansion of an insurance company. The $75,324 project was supported by a Core Area Initiative commitment of $15,000.

Yorkville Importing

A project to assist with storefront improvements to an importing business. The $2,640 project was supported by a Core Area Initiative commitment of $946.

West Broadway

Broadway Pharmacy

A project to assist with exterior renovations to an existing pharmacy. The $800 project was supported by a Core Area Initiative commitment of $333.

Burton Properties

A project to assist with storefront improvements to a real estate business located at 670 Broadway Avenue. The $18,939 project was supported by a Core Area Initiative commitment of $9,380.

Centennial Realty

A project to assist with storefront improvements to a real estate business. The $28,901 project was supported by a Core Area Initiative commitment of $9,196.

Centennial Realty: Expansion

A project to assist with the expansion of a real estate office. The $52,120 project was supported by a Core Area Initiative commitment of $15,000.

Coffee Shop and Medical Office

A street project to assist with renovations to the exterior of a building. The $910 project was supported by a Core Area Initiative commitment of $303.

Crystal Mart

A project to assist with storefront improvements. The $6,923 project was supported by a Core Area Initiative commitment of $2,308.

Nuts Over Chocolate

A project to assist with storefront improvements to an existing candy store. The $4,149 project was supported by a Core Area Initiative commitment of $1,383.

Spruce Developments Ltd.

A project to assist with storefront improvements to an existing professional services building. The $32,574 project was supported by a Core Area Initiative commitment of $10,858.

The Woolman

A project to assist with storefront improvements to an existing retail business. The $1,935 project was supported by a Core Area Initiative commitment of $711.

West Broadway Business Association - Startup

A project supporting the association's start-up costs. A Core Area Initiative commitment of $5,000 represents the total project cost.

West Broadway Marketing Strategy (1988-89)

A project involving a number of marketing and promotional activities during the 1988-89 period aimed at enhancing the economic vitality of the West Broadway commercial district. Sponsored by the West Broadway Merchants Association, the project was supported by a Core Area Initiative commitment of $18,630, which represents the total project cost.

West Broadway Marketing Strategy (1989-90)

A project involving a number of marketing and promotional activities during the 1989-90 period aimed at enhancing the economic vitality of the West Broadway commercial district. The $21,140 project was supported by a Core Area Initiative commitment of $17,440.

West Broadway Master Plan

A project supporting the association's master development plan to undertake physical and economic activities in the West Broadway target area. The project was supported by a Core Area Initiative commitment of $45,000, which represents the total project cost.

West Broadway Streetscaping

A project involving the construction of the streetscaping component of the West Broadway Master Plan. The project undertook streetscaping improvements on Broadway between Osborne and Maryland Streets. The project was supported by a Core Area Initiative commitment of $417,704, which represents the total project cost.

Wheatsong Bakery - Storefront

A project to assist with storefront improvements to a bakery/coffee shop. The $899 project was supported by a Core Area Initiative commitment of $300.

Wheatsong Bakery

A project to assist with the expansion of a bakery/coffee shop. The $14,938 project was supported by a Core Area Initiative commitment of $4,481 and was expected to create two jobs.

CENTRAL ADMINISTRATION
(Program 11)

Description: The program was established to provide central co-ordination and management of activities implemented under the Agreement. The Core Area Initiative Office provided a secretariat function to Management Board and Policy Committee, overall co-ordination, monitoring and progress reporting, as well as selected program delivery functions on designated programs.

Implementing Jurisdiction: Canada

Committee Structure: The Core Area Initiative Office operated via the Central Management Committees of the Agreement, namely: Policy Committee, Management Board, and the Agreement Co-ordinators.

Implementing Body: Core Area Initiative Office

Budget: $2,440,000

ACTIVITIES:

Management and Co-ordination

Acting as a central secretariat, the program provided ongoing support to Management Board and Policy Committee in the strategic planning and overall administration of the Agreement.

Co-ordination of all of the Agreement's programs, as well as office and related support services, were carried out on an ongoing basis.

A financial progress reporting system was fully implemented.

Program Delivery

The program provided co-ordination and partial delivery of the Strategic Capital Program through the General Manager.

Community Liaison

Enhanced access to the three levels of government by the core area community and the private and non-profit sectors was facilitated and initiated by the program on an ongoing basis.

PUBLIC INFORMATION AND PROGRAMMING
(Program 12)

Description: The program was established to inform and educate both core area and non-core area residents of the strategy, objectives, programs, and projects of the Agreement. The program provided a central communication and public outreach function on behalf of the governments and the Agreement programs. As well, core area groups or projects were given promotional or programming assistance.

Implementing Jurisdictions: Winnipeg/Manitoba/Canada

Committee Structure: The Communications Sub-Committee was chaired by the Core Area Initiative Office and consisted of two representatives from each of Canada, Manitoba, and Winnipeg. One of the representatives from each jurisdiction was designated as the principal member, with voting rights.

Implementing Body: The program was delivered by the Public Affairs Manager operating out of the Core Area Initiative Office.

Budget: $1,300,000

PROGRAM STATUS SUMMARY:

- Informational and promotional materials developed for the Agreement and its programs
- Information Centre established in the Core Area Office
- Programming assistance provided to major events such as Christmas in The Exchange/The Forks, River Trail, Takin' it to the Streets, First Night Festival
- More than 100 core area groups and projects assisted with promotional or programming activities or consultation
- Approximately 200 slide shows, bus tours, or display presentations were conducted

ACTIVITIES:

Information

Status reports were produced and distributed twice a year. For each of the two agreements (1981-86 and 1986-91) a final Status Report was produced. Various other updated reports on Agreement II programs and projects were produced periodically.

An information Centre in the Core Area Initiative Office was established. The Centre served approximately 25 users weekly, supporting activities such as research, presentations and general enquiries. When the Core Area Initiative office was closed, the Centre was relocated to the provincial Department of Urban Affairs; the audio-visual materials were stored with the City of Winnipeg Department of Environmental Planning.

Print materials (application forms, brochures, stationery) were produced for most of the Agreement's thirteen programs. As well, marketing, event planning or presentation support was provided as needed to individual programs.

Education

News releases, feature stories and background information were produced periodically, and print and electronic media coverage was catalogued in a comprehensive data base.

More than 75 bus tours of Winnipeg's core area were conducted in response to requests from high school and university students, community groups, government departments, agencies and the news media. The tours were also marketed to the general public.

Approximately 100 general or program-specific presentations were made locally and across Canada; the Initiative participated in five local trade shows and several International Downtown Association events.

Photography of core projects was undertaken on a regular basis. A collection of approximately 12,000 slides was catalogued and was frequently used by various individuals. Numerous slide shows were developed.

Portable display systems and supporting visuals were produced for presentations at various events. A geographical model of the core area was produced.

A short, documentary-style video was produced to portray the various facets of the Initiative's revitalization efforts during its 10-year history.

Two different submissions were prepared for the International Downtown Association's (IDA) awards program. The Initiative received a Special Achievement Award for the Agreement Model.

Promotion

Signage identifying Core Area Initiative projects and programs was produced and installed on an ongoing basis.

A poster-map of the Core Area Initiative boundaries was produced with approximately 10,000 distributed to date.

An illustrated map-poster/brochure of the core area was produced.

A breakfast event, recognizing Core Area Initiative advisory committees, was held to provide a broader perspective of the entire Agreement.

An awareness campaign involving a "total-paint" transit bus with supporting interior visuals and a series of print ads was launched in August 1989.

A series of flier-posters was produced and distributed to promote activities and events in the core area.

Various core area groups or projects were given promotional assistance and/or consultation in areas such as visual identity, public education and awareness, media relations, fundraising, special event planning, etc. Projects supported include:

- Abinochi-Zhawayhdakoziwin
- Aboriginal Women's Groups - Annual Meeting
- Anishnaabe Aawaiaajaa
- Awasikan Theatre
- Black-O-Rama
- Bookmates
- "Bridging Traditions" Conference

- Infant Day Care (R. B. Russell School)
- Indian & Metis Friendship Centre
- Inner City Education Conference
- "Interaction '92" Conference on Conflict Resolution
- John Howard Society
- Kekinan
- Knox Centre
- Lap III
- Lord Selkirk Park Recreation Centre
- Ma Mawi Wi Chi Itata
- Manitoba Ethnocultural Youth Committee
- Multiculturalism Book Fair
- Neechi Foods
- New F.A.C.E.S.S.
- One Earth Collective
- P.A.M.S. Construction Co-op
- Popular Theatre Alliance
- Portuguese Cultural Centre
- Prairie Theatre Exchange
- Pritchard Place
- Reading and Writing Immersion Program
- Riverbank Planning Workshop
- SUDS Co-op
- Winnipeg Council of Treaty and Status Indians
- "Winnipeg Women" 1989 Conference
- Women in the Arts

Development

Assistance in marketing development was given to Osborne Village merchants, Commercants du Vieux Saint-Boniface and Chinatown merchants, in conjunction with the Neighbourhood Main Streets Program.

A quantitative and qualitative market research study of public perceptions of the Core Area Initiative was undertaken.

PROGRAMMING:

Archibus Tour Program

A project involving educational bus tours of Winnipeg for over 800 school children as part of "City Week." Sponsored by The Urban Idea Centre and the Manitoba Association of Architects, the project was supported in its first two years by Core Area Initiative commitments of $4,000 in 1989 and $2,500 in 1990.

Business Improvement Zone (BIZ)

A programming effort providing assistance to the Downtown Winnipeg Association for the establishment of a Business Improvement Zone (BIZ) in downtown Winnipeg. A Core Area Initiative commitment of $39,700 represents the total project cost.

"Canada's Best Kept Secret"

A one-half hour video production featuring the core area of Winnipeg. The program was aired on CBC and MTN Television. Sponsored by de Gah Productions Ltd., the completed project was supported by a Core Area Initiative commitment of $3,000.

Christmas in the Exchange (1987)

A programming effort to assist in the production of an event and television special "Christmas in the Exchange." Sponsored by CBC Manitoba, the completed project was supported by a Core Area Initiative commitment of $4,000 from Public Information and Programming and $7,800 from The Exchange District Redevelopment Program.

Christmas at The Forks (1988)

A programming event involving the production of a 90-minute television special of a Christmas celebration at The Forks, as well as satellite locations at Osborne Village, The Exchange District, and Provencher Boulevard. The festival, attracting over 5,000 people to the downtown sites, was aired live in Winnipeg and subsequently broadcast across Canada. The event was co-sponsored by the Core Area Initiative ($10,000), CBC Television, The Forks Renewal Corporation, the Sheraton Hotel, Maxwell House, and Quinton's.

Christmas at The Forks (1989)

An annual Christmas festival at The Forks site, involving various sponsors and participating community groups and broadcast by CBC-TV. The Core Area Initiative contributed $8,000 towards the event.

Festival of Canadian Modern Dance

A programming project to sponsor an outdoor performance, at Tache Promenade, by the Contemporary Dancers. The Core Area Initiative contribution was $2,000.

First Night Festival (1990 and 1991)

An alcohol-free, New Year's Eve celebration of the arts in various downtown venues. From noon until the midnight processional and fireworks, magicians, musicians, street performers and mask makers provided entertainment for all ages. In 1990 the $179,131 project was supported by a Core Area Initiative commitment of $3,500, as well as government grants totalling $25,267 and private sponsorship amounting to $156,864. In 1991 the project was supported by a Core Area Initiative commitment of $5,000.

Seminar for Success

An event involving the organization, promotion and sponsorship of an evening with Peter Glen, New York retailing activist. The event attracted 250 local business people and was supported by a Core Area Initiative commitment of $1,500.

Takin' it to the Streets (1988)

A project involving the promotional and sponsorship of a four-day buskers festival throughout downtown Winnipeg. Sponsored by the Winnipeg Street Performers Festival Inc., the project was supported by a Core Area Initiative commitment of $6,100. The total project cost was $243,500.

Takin' it to the Streets (1989)

A project involving the sponsorship of performing sites at Central Park, Stephen Juba Park and Market Square for a 10-day buskers festival throughout downtown Winnipeg. Sponsored by The Winnipeg International Street Performers Festival Inc., the project was supported by a Core Area Initiative commitment of $8,000.

The River Trail (1987-88)

A project designed to provide the public with winter access and programming of a three-kilometer recreational trail along the Assiniboine River. The project was supported by a Core Area Initiative commitment of $5,000 from Public Information and Programming, as well as $46,000 from the Riverbank Enhancement Program.

The River Trail (1988-89)

A programming project involving the promotion and programming of winter recreational events on the River Trail. Activities were co-ordinated by Festival du Voyageur through the support of a Core Area Initiative commitment of $10,000 from the Public Information Program and $40,000 from the Riverbank Enhancement Program.

The River Trail (1989-90)

A continuation of winter programming activities along the River Trail. The project was co-ordinated by the Riverborne Development Corporation and the Festival du Voyageur with Core Area Initiative assistance of $5,000 from the Public Information Program and $40,000 from the Riverbank Enhancement Program.

The River Trail (1990-91)

A continuation of winter programming activities along the River Trail. Sponsored by the Festival du voyageur and the Riverborne Development Corporation, the project was supported by a $5,000 commitment from the Public Information Program and $40,000 from the Riverbank Enhancement Program.

Urban Idea Centre

A downtown programming event sponsoring a public lecture "Futures for the City" on ideas for an Urban Idea Centre in Winnipeg. The project was supported by a Core Area Initiative commitment of $1,200. The total project cost was $4,000.

Winnipeg International Children's Festival

The annual ten-day festival located at The Forks provided an expanded Native Arts and Culture Program with assistance of $2,500 from the Core Area Initiative's Public Information Program for each of the years 1990 and 1991, as well as $2,500 from Community Services and Facilities Program.

Winnipeg International Street Performers Festival

A programming effort to assist in the development of a downtown busker's festival organization. Sponsored by the Winnipeg Street Performers Festival Inc., the completed project was supported by a Core Area Initiative commitment of $2,000.

"Winnipeg: The 1990's and Beyond"

A one-day symposium to explore and discuss the future direction of the city. Sponsored by the Winnipeg Chamber of Commerce, the completed project was supported by a Core Area Initiative commitment of $3,000.

Winter Carnival (1990)

An annual winter event located on the Assiniboine River near the Osborne Bridge. The 1990 event, launching the beginning of the 1990 River Trail, was extended along the river to The Forks site with assistance of $5,000 from the Core Area Initiative.

EVALUATION
(Program 13)

Description: The program was established to ensure that adequate information and analysis of Agreement programs was provided to Management Board and to ensure that the evaluation requirements under the Agreement were met. The program was responsible for the initial design and implementation of a comprehensive Management Information System.

Implementing Jurisdiction: Canada

Committee Structure: An Evaluation Sub-Committee consisted of one representative from each of Canada, Manitoba, and Winnipeg. The Core Area Initiative Office sat as a resource to this Committee on issues related to the Management Information System.

Implementing Body: The program was administered through a contract between Canada and an external consultant.

Budget: $310,000

PROGRAM STATUS SUMMARY:

- Management Information System developed
- Evaluations undertaken on the Tripartite Model, Employment and Affirmative Action, and Final Report on Achievement of Objectives

ACTIVITIES:

Management Information System

The program developed a Management Information System (MIS), a data base containing a detailed description of all Winnipeg Core Area Initiative projects. The program produced quarterly program progress reports for use by the Agreement's management. A final report is being planned.

Evaluation Frameworks

Evaluation frameworks for each of the Agreement's Sector 1 and Sector 2 programs were completed in 1988. The frameworks describe the mandate, objectives, planned activities and impact, implementation responsibilities and resources of each program. The frameworks were intended to serve as guidelines for subsequent evaluation studies during the 1990-1991 period.

Evaluation - Tripartite Model

An evaluation of the tripartite model of the Winnipeg Core Area Agreement was completed in October 1990. The evaluation provides a description of the main elements of the management structure of the tripartite model and a critical assessment of the functioning of the model over both terms of its implementation. Similarities and differences between the model and other governmental delivery models are also discussed.

Evaluation - Employment and Affirmative Action

A final evaluation of the Agreement's Employment and Affirmative Action initiative was completed in October 1991. The evaluation study, undertaken by the Working Margins Consulting Group, describes the goals, programs and activities of the Agreement with respect to employment and affirmative action, documents the outputs of the employment and affirmative action initiative and examines the impact on the Winnipeg and core area labour market.

Evaluation - Final Report on Achievement of Objectives

A final report describing the outputs of the Agreement's programs and sub-programs from the perspective of achieving objectives is scheduled for completion in June 1992. The report provides a statistical summary of the outputs of all Agreement programs and sub-programs and discussion of the relationship of these outputs to stated program goals. An Agreement-wide summary of selected outputs is also provided.
